I'm getting a lot of glitches in the video stream. Like Max Headroom.

There is a small park with benches across from the school that could use a tree. One tree died and I put in a ticket to remove it. It still has a sprinkler just watering the dirt/sand where it used to be.

Thanks. We'll look into this.

I can send a photograph of the location when I walk by it walking my dog if that will help.

A neighbor on Pegasus Ct captured a mountain lion on her camera on (3-19-24) at about 11:36 pm. It looked like a mid-sized one on the hunt. A warning for pets and people in area. It's posted on Nextdoor

20:07:46 From Greg Peck to Everyone:  
I saw that, Michael. I've been in contact with someone about that. I'll call you.

20:14:10 From Michael Van Damme N6MOF/WRUF400 to Everyone:  
We used to have scanners to keep informed of police activity in nearby neighborhoods. Now we can't listen and people jump on Nextdoor and speculate. Lots of rumors. Is there a way Police can keep people informed on social media or a police blotter listing when things settle down.

20:23:25 From Michael Van Damme N6MOF/WRUF400 to Everyone:  
I took the Mercury News for a year and their Crime Reports were non-existent except for major crimes.

Idea for the Los Paseos neighborhood slogan: Gateway to the Wilderness. Look for the Checkerspot Butterflies and Serpentine rock as you go.

20:45:10 From Gina Whitney to Everyone:  
Are the Serpentine and Tule Elk trails open now? They had been closed for muddy conditions.

20:45:43 From Teri Rogoway to Everyone:  
They may end up closed this weekend once again with this coming rain. We should know tomorrow.

20:46:28 From Gina Whitney to Everyone:  
Thanks Teri. We are hoping to go next Thursday
